

Making successful referrals to the POVA List

A partnership approach

Llandrindod Wells – London - Leeds

Action on Elder Abuse will host three conferences with the objective of improving the quality of referrals to the POVA list, targeted towards Care Providers, Regulators, Adult protection staff, Voluntary sector agencies, and others with an interest in ensuring abusers are successfully recorded on the Protection of Vulnerable Adults List.

The programme will include presentations by senior representatives of key organisations, including:

- **Department of Health**
- **Commission for Social Care Inspection**
- **Care Standards Inspectorate for Wales**

These events will be a unique opportunity to gain advice and guidance from the experts, to ask questions, and to participate in surgeries that can advise on real life situations. The events will be interactive, with the objective of increasing your potential for making successful referrals to the POVA List, and will feature speakers and workshop facilitators from a lawyer, adult protection coordinators, and representatives from the Bichard Inquiry team and the Social Care Institute for Excellence

These conferences will take place:

- **In Llandrindod Wells (Metropole Hotel) on 18 October 2006**
- **In London (ORT House conference centre) on 27 October 2006**
- **In Leeds (Novotel Hotel) on 17 November 2006**

For a programme and booking form, or if your organisation would like an exhibition stall, please contact: Natalie Fernandez on natalie@elderabuse.org.uk
